Dear St Mary's,

How to explain Rosh Hashanah

We dip apple in honey and say a blessing and then we eat it because it is a sweet new year. At the table we have: apple, honey, pomegranate, challah and some people have a fish head. We have plaited challah, but when it is Rosh Hashanah we have round challah because the year goes round and round. We blow the shofar, which is made of a ram's horn. Rosh Hashanah means head of the year.

Yours sincerely ,

Sarah
