

HOMEWORK

RESEARCH → INFORMATION BOOKLET / POSTER

How can you reduce your water usage?

Investigate and research how you can effectively reduce your water usage so you don't waste water.

You can use the internet to help you with your research

e.g. <http://wateruseitwisely.com/100-ways-to-conserve/>
<http://www.waterwise.org.uk/pages/quick-tips.html>

You can also ask an adult and read newspaper article or books.

The following article is by Oliver Heath who is an eco design expert:

<http://www.guardian.co.uk/lifeandstyle/2012/apr/05/how-to-reduce-water-consumption>

Task

You can use ICT to produce a booklet / poster with pictures and facts.

Alternatively you can write out your information as a persuasive letter.

I look forward to reading your booklets.

This homework is also available on the class website to help you with the hyperlinks (Website links).
