Dear St Mary's,

I am writing from North Cheshire Jewish Primary.

## Rosh Hashanah

---

Rosh Hashanah is the Jewish New Year. Rosh Hashanah means something. Rosh means head Hashanah means year. We say head of the year because the head controls the year. We eat apple dipped in honey to represent a sweet New Year. We have a head of something like a fish head. We have fish head because the head control the year. We blow the shofar on Rosh Hashanah for a wakeup call to do mitzvoth. Mitzvoth are like good deeds. We eat one more thing, we eat pomegranate to represent the 613 mitzvoth we do through the year. There are nearly 613 seeds in a pomegranate so it links to Rosh Hashanah that is what we eat and do on Rosh Hashanah. That is Rosh Hashanah.

---

Yours sincerely,

Ethan
